## CLS - Linear Lighting Fixtures - Covelight Superior RGB + RGBW series

### Main features

#### EN

High light output due to the latest generation SMD LEDs.  
12 mm PCB for improved heat dissipation and better current control.

IP44 silicone cover to protect against moisture and dust.  
Connection wires on both sides for easy installation.  
To be used with the CLS LDV-45 DMX dimmer or directly on the CLS Zense controller.

#### RGB

Available in 5 and 10 meter lengths.  
Available in 30 LEDs or 60 LEDs per meter version.

#### RGBW

Combined colour and warm white LED lighting in one flexible strip. Due to this new CLS product you no longer need to choose between warm white or coloured cove lighting, now you have both possibilities. Or mix the colour white with the RGB colours.

Available in 5 meter length, 72 LED's per meter.

#### NL

Hoge lichtopbrengst dankzij de laatste generatie SMD LED's  
12 mm PCB voor optimale warmte afgifte en betere stroomgeleiding.

IP44 siliconen mantel voor bescherming tegen vocht en vuil.  
Aansluitkabels aan beide zijdes voor eenvoudige installatie.  
Wij adviseren de CLS LDV-45 DMX dimmer. De Covelight kan ook direct op de CLS Zense-sturing aangesloten worden.

#### RGB

Verkrijgbaar in 5 en 10 meter lengtes versie.  
Verkrijgbaar in 30 LEDs of als 60 LEDs per meter versie.

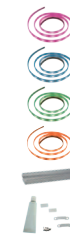

#### RGBW

Gecombineerde kleur- en warm witte LED verlichting in 1 enkele flexibele strip. Dankzij dit nieuwe CLS product hoeft u niet langer te kiezen tussen warm witte of gekleurde koofverlichting, maar kunt u beschikken over beide mogelijkheden. Of meng de kleur wit bij de RGB kleuren.

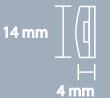

Verkrijgbaar in 5 meter lengte, 72 LEDs per meter.
